Comment	<p>The Northumberland and Newcastle Society (N&N) supports the grant of approval for this application.</p> <p>The Society enthusiastically welcomes the recognition of Charles Udor Minto for his outstanding local community work and we believe this is a fitting tribute for this and future generations to celebrate.</p> <p>Our only observation otherwise is the existing unsympathetic treatment of the frontage of the building on which the plaque is to be installed, we hope this installation will encourage a more considered approach for this valued heritage asset.</p>
